

THANKSGIVING  
POINT

# Team Member of the Month

**Alyssa Goulding**

January 2023

# Team Member of the Month

Over the past year Alyssa has been helping to create the Curiosity Club for Thanksgiving Point. Her creativity, attention to detail and communication with other teams on campus has been exceptional and extremely valuable as we have homed in on the details of the Club. She has assisted in every aspect of the 2022-23 development campaign from planning Club dinners, delivering the golf tournament, to organizing Club benefits, learning the names of all our donors and welcoming new members. She does this with a smile and willingness every day. I think we have all noticed that she is among the first to greet fellow employees by name with a friendly hello and fun anecdote. Congratulations Alyssa for being the January 2023 Team Member of the Month!

Alyssa has a BS degree in Behavioral Science from UVU. She has worked at Thanksgiving Point for seven years. When Alyssa is not at work she enjoys going to theater, concerts, singing in choirs and travel. She loves to travel and enjoyed a trip to Europe last summer. She also loves being Aunt Alyssa and spending time with her family and adding to her massive mug collection.
