

THANKSGIVING
POINT™

Team Member of the Month

CHLOE THOMPSON
April 2026

Team Member of the Month

Meet Chloe,

Chloe started with Thanksgiving Point in December of 2024, right at the opening of Jurassic Jungle. Chloe started as a Jurassic Jungle team member, but her natural leadership and positive attitude quickly led her to become a lead at the Museum of Ancient Life. Chloe takes pride in her role, not just when it comes to the responsibilities that she has been given such as taking care of the breakroom, making sure it's clean and organized and preparing the birthday party add ons before the parties arrive, but also in her interactions with the team and with guests! Chloe's outgoing and kind personality creates an environment where all feel welcome, included, and heard! Her fellow team members look up to her immensely, and always know that Chloe will help make any shift fun!

Chloe enjoys spending time with her family, especially her niece and nephew! When she's not helping create games for the team to play to help productivity while on shift, she enjoys playing video games and going rock climbing. She is always on the lookout for an adventure! Chloe's fun personality is evident when she does a secret handshake with Lizzy and asks Morgen for an inspirational quote (which usually consists of various movie quotes, which Chloe always appreciates as she is also an avid movie lover) at the end of every shift!

To Chloe, I hope you know how much your team appreciates you and looks forward to seeing your name with theirs on the schedule! Thank you for bringing a spirit of work hard, play hard and sharing your passion for our team, our venue and our mission!

Thank you!
