# Team Member of the Month

## Meet Emma,

Since the day Emma joined our department, she has brought with her a strong work ethic rooted in generations of hardworking, caring individuals. That legacy shows up in everything she does. Emma believes that the quality of her work is a direct reflection of who she is, and her signature is one of excellence. Whether she is coordinating schedules, supporting communication efforts, processing critical work orders, or organizing projects behind the scenes, she approaches every task with pride and purpose. Even when situations shift or last-minute changes arise, Emma responds with adaptability, professionalism, and a positive attitude. She is quick to step in, help wherever needed, and ensure the job is done, and done well.

Outside of work, Emma continues to live life fully and adventurously. She is passionate about the outdoors and thrives in activities such as hiking, skiing, rock climbing, boating, and even the occasional dumpster dive for salvageable material to support our facilities projects. She enjoys working with her hands and has a true talent for crafting well-designed, beautiful pieces of art. Her creativity, curiosity, and love for active experiences contribute to a well-rounded lifestyle that inspires those around her.

What makes Emma exceptional goes beyond her capabilities, it's her character. She leads through example, showing that kindness, hard work, and enthusiasm go a long way. She listens, she supports, she engages, and she cares deeply about contributing in meaningful ways. Emma has quickly become an invaluable member of our team, someone who elevates both the work we do and the culture we build every day.

*Thank You!*
