Manager of the Month

SONYA DARTER

February 2026

Manager of the Month

Meet Sonya,

Congratulations to Sonya Darter, our Manager of the Month for February.

Sonya's journey into the museum world began in Urbana-Champaign, a university town in Illinois, where volunteering at a local children's museum sparked what has become a rewarding and impactful career. Since that time, she has worked in six museums, with MoNC proudly being her fourth children's museum. These experiences have enabled Sonya to bring a depth of insight and perspective that elevates both our team and our guest experience.

Sonya's passion for learning, creativity, and connection extends far beyond the museum walls. She is deeply committed to serving children, the arts, and the community through her volunteer work with TEDxSaltLakeCity and Salt Lake County Arts & Culture. A lifelong builder and creator, she loves spending time building LEGO sets with her adult children—who now live in Illinois and Denmark—reflecting the same hands-on joy she brings to her work every day. In addition to having a child living in Europe, Sonya's fiancé currently lives in Paris, so she's also an expert at building and maintaining long-distance relationships!

With a life shaped by travel, global connections, and a genuine love for people, Sonya leads our Guest Experience team at MoNC with empathy, curiosity, and care. We're very grateful for her leadership and thrilled to celebrate her this month.

Thank you!

SONYA DARTER
