# Team Member of the Month

## Meet Cristine,

Cristine Earl brings to Thanksgiving Point a wealth of experience working with kids of all ages, having spent the past five summers working with the Learning and Engagement team. Cristine has risen to become a wonderful leader taking over as the Summer Camp Specialist this year. She trained, supported, and directed around 50 team members to bring safe, unique, and exciting camps to over 1,200 kids this summer. From taking the time to hold a child's hand when they were stressed to tackling concerns brought up by parents, Cristine put in the work to show every child, parent, and team member she worked with true compassion and care. Cristine is never afraid to put in the time it takes to make something great or to help someone feel special- and she does it all with a smile and unbridled enthusiasm. Cristine enjoys exploring the outdoors, looking for bugs and learning more about them- especially bees. She loves spending time with her sisters and reading, playing board games, and watching Jurassic Park. Everyone who works with Cristine knows how deeply she cares and how hard she works, and we are excited to continue working with her for the many great summers ahead!

*Thank You!*
