# Manager of the Month

## Meet Cyndy,

Cyndy Ovard began working for Thanksgiving Point in 2001 – 24 years. Prior to that, she worked in the accounting department of Renaissance Golf (one of the Ashton's investments years ago). She has been managing the accounting team here at Thanksgiving Point for several years. She is skilled in Excel spreadsheets that help us with reporting. Our budgeting process, which is in January and February each year, has been refined and all spreadsheets across property have been consolidated with her skills. As we continue to grow and change as a property, the consolidation of all the spreadsheets has become more challenging. Cyndy has also been instrumental in helping our business through several issues related to non-profit accounting and our annual audit. When she is not at work, she spends her time in Draper with her son Zane. One of her main hobbies is volunteering with 4H and in particular – working with horses. We are glad to have Cyndy as part of our team and as Thanksgiving Point Manager of the Month for June 2025.

*Thank you!*
