EMBER OAKELBERRY

June 2026

Team Member of the Month

Meet Ember,

Ember is one of our Leads at Curiosity Farms, she also just became program certified and has joined our programs team in their mission of educating our guests about our animals! She currently goes to BYU Provo and is studying Exercise Science. Ember loves reading, sewing, hiking, playing games, and hanging out with her 3 younger siblings. Ember has been with TPI for 2 years as of this month and she absolutely loves the Farm! Ember loves the animals and her coworkers, her favorite animals at the Farm are our goats!!

Ember embodies the values and mission of TPI in everything she does. Ember is kind and patient with our guests and always looking for a way to make their experience at the Farm one to remember. Ember is always willing to take the extra time to help a kiddo build their confidence to ride a pony or answer endless questions that guests have about our goats and other animals. Ember has been a lead at the Farm for over a year now and she is such an important mentor for our team. Ember is always willing to step in for a teaching moment or to assist with a complicated situation. Her attention to detail comes in handy when she is helping us with our birthday parties, goat brushing, programs, training, or every day tasks around the Farm. We are so thankful to have Ember on our team as a leader and an educator!!

Thank you!
