

THANKSGIVINGTM
POINT

Managers of the Month

**KATE IRISH, TESSA DEVEY,
KELLIE JENSEN**
October 2026

Managers of the Month

We are incredibly excited to recognize Kate, Tessa, and Kellie as Thanksgiving Point's Managers of the Month! This recognition is incredibly well deserved. Kate, Tessa, and Kellie represent so much of what makes Thanksgiving Point special. Their leadership, creativity, dedication, teamwork, and willingness to go above and beyond have made a tremendous impact on our Campus Events team and on the experiences we provide to our guests.

Each of them brings unique talents and strengths to the Signature Events team, but what makes them especially successful is how well they work together. They support one another, step in wherever they are needed, and approach every challenge with a solution-focused attitude. They take tremendous pride in their work and genuinely care about creating experiences that our guests and team members will remember.

Their roles require them to balance creativity with operations, manage countless details, work across departments, lead teams, coordinate partners and vendors, and continually adapt as circumstances change. They do all of this while maintaining an incredible level of professionalism and enthusiasm.

This year's Garden of Quilts was a perfect example of what this team is capable of accomplishing.

Kate, Tessa, and Kellie spent months planning, designing, coordinating, and preparing for the event. When significant weather challenges threatened those plans, they responded with resilience and determination. They worked tirelessly to adjust operations, solve problems, support our partners and team members, and ensure we continued to deliver an outstanding experience for our guests.

Despite the challenges, their hard work helped make this year's Garden of Quilts one of our best years ever. That accomplishment speaks volumes about their ability to remain calm under pressure, adapt quickly, and execute at a very high level.

What guests see during our Signature Events is only a small portion of the work that happens behind the scenes. There are countless hours of planning, meetings, designs, schedules, changes, phone calls, early mornings, late nights, and last-minute problem-solving that go into bringing these experiences to life. Kate, Tessa, and Kellie continually give their very best to make those moments possible.

We are extremely fortunate to have these three talented leaders on the Thanksgiving Point team.

Congratulations to Kate, Tessa, and Kellie on being selected as Managers of the Month! Thank you for your leadership, your creativity, your commitment to your team, and your dedication to making Thanksgiving Point better. This recognition is incredibly well deserved, and we are proud to celebrate all three of you!

Thank you!
