THANKSGIVING POINT™

Team Member of the Month

Meet Travis,

I am honored and proud to introduce Travis Lassen to all the Thanksgiving point team. Travis has been a member of harvest for not even a year and has already had a huge impact on our team and our guests. Travis is a senior in high school just landed the lead role in Wizard of Oz at his high school and in between all of that, works as much as possible. Anytime he is not in school or at practice he is at Harvest . Travis has an amazing ability to make everybody feel encouraged. He is constantly asking how he can help others what more he can do and how to be better. He doesn't wait for people to tell him what to do. He takes initiative and jumps in one of his first weeks has a runner at harvest our Dessert Chef Needed a little help, and without hesitation, he jumped back, grabbed the torch and made a crème brûlée. What we love most about having him on our team is that anytime Travis passes you you can be guaranteed a fist bump as his way of appreciating everyone on his team. Take note of his photo and if you see him in passing and give him a fist bump for being an amazing Part of our Thanksgiving point family.

Thank you!

TRAVIS LASSEN
